PROXY STATEMENT

Introduction

This Proxy Statement is being furnished to solicit proxies on behalf of the Board of Directors of Global Payments Inc. (the "Company") for use at the 2003 Annual Meeting of shareholders (the "Annual Meeting"), and at any adjournments or postponements thereof. The Annual Meeting will take place at the Company's offices at Four Corporate Square, Atlanta, Georgia 30329-2009 on October 22, 2003, at 11:00 a.m., Atlanta time for the following purposes:

1. To elect one director in Class I to serve until the annual meeting of shareholders in 2004, two directors in Class II to serve until the annual meeting of shareholders in 2005, and four directors in Class III to serve until the annual meeting of shareholders in 2006 or until their respective successors are duly elected and qualified or until their respective earlier resignation, retirement, disqualification, removal from office or death; and
2. To transact any other business that may properly come before the Annual Meeting or any adjournments or postponements thereof.

This Proxy Statement and the accompanying proxy card are first being mailed to shareholders on or about September 8, 2003.

Quorum and Voting

Voting Shares. Pursuant to the Company's Articles of Incorporation, only the Company's common shares, no par value (the "Common Stock"), may be voted at the Annual Meeting.

Record Date. Only those holders of Common Stock of record at the close of business on August 25, 2003 are entitled to receive notice and to vote at the Annual Meeting or any adjournment or postponement thereof. On that date, there were 37,331,731 shares of Common Stock issued and outstanding, held by approximately 2834 shareholders of record. These holders are entitled to one vote per share.

Quorum. In order for any business to be conducted, the holders of a majority of the shares entitled to vote at the Annual Meeting must be present (a "Quorum"), either in person or represented by proxy. For the purpose of determining the presence of a Quorum, abstentions and broker non-votes (which occur when shares held by brokers or nominees for beneficial owners are voted on some matters but not on others) will be counted as present.

Voting Options. Proposal 1, the election of one director in Class I, two directors in Class II, and four directors in Class III, will require, for each Class, a plurality vote of the holders of shares of Common Stock represented and entitled to vote at the Annual Meeting at which a Quorum is present. With respect to Proposal 1, shareholders may (i) vote “for” each nominee, or (ii) “withhold authority” to vote for any nominee. If a Quorum is present, a vote to “withhold authority” and a broker non-vote will have no effect on the outcome of the election of directors, and the one nominee from Class I receiving the most votes will be elected to serve as the Class I Director for the remaining one year term, two nominees from Class II receiving the most votes will be elected to serve as the Class II Directors for the remaining two year term, and the four nominees from Class III receiving the most votes will be elected to serve as the Class III Directors for a three year term.

Internet and Telephone Voting. Shareholders of record can simplify their voting and reduce the Company’s costs by voting their shares via the Internet or by telephone. Shareholders may submit their proxy voting instructions via the Internet by accessing the website identified on the enclosed proxy card and following instructions on the website. Shareholders who choose to submit their proxy voting instructions by telephone, should call the phone number identified on the enclosed proxy card and follow the prompts. The Internet and telephone voting procedures are designed to authenticate shareholders’ identities, to allow shareholders to vote their shares and to confirm that their instructions have been properly recorded. If your shares are held in the name of a bank or broker, the availability of Internet and telephone voting will depend on the voting processes of the applicable bank or broker; therefore, it is recommended that you follow the voting instructions on the form you receive. If you do not choose to vote via the Internet or by telephone, please date, sign, and return the proxy card.

Default Voting. When a proxy is timely executed and not revoked, the shares represented by the proxy will be voted in accordance with the instructions indicated in the proxy. IF NO INSTRUCTIONS ARE INDICATED, HOWEVER, PROXIES WILL BE VOTED “FOR” THE ELECTION OF THE DIRECTOR NOMINEES NAMED IN PROPOSAL 1.

The Board of Directors is not presently aware of any business to be presented for a vote at the Annual Meeting other than the proposal noted above. If any other matter properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is made, in their own discretion.

Revocation of a Proxy. A shareholder’s submission of a proxy via the Internet, by telephone, or by mail does not affect the shareholder’s right to attend in person. A shareholder who has given a proxy may revoke it at any time prior to its being voted at the Annual Meeting by (i) giving written notice of revocation to the Corporate Secretary of the Company, (ii) properly submitting to the Company a duly executed proxy card bearing a later date, (iii) voting via the Internet or by telephone at a later date, or (iv) appearing at the Annual Meeting and voting in person; provided, however, that no such revocation under clause (i) or (ii) shall be effective until written notice of revocation or a later dated proxy card is received by the Corporate Secretary at or before the Annual Meeting, and no such revocation under clause (iii) shall be effective unless received on or before 11:59 p.m. eastern daylight time on October 21, 2003. All written notices of revocation should be addressed as follows: Global Payments Inc., Four Corporate Square, Atlanta, Georgia 30329-2009, Attention: Suellen P. Tomay, Corporate Secretary.

Adjourned Meeting. If a Quorum is not present, the Annual Meeting may be adjourned by the holders of a majority of the shares of Common Stock represented at the Annual Meeting. The Annual Meeting may be rescheduled at the time of the adjournment with no further notice of the reconvened meeting if the date, time and place of the reconvened meeting are announced at the adjourned meeting before its adjournment; provided, however, that if a new record date is or must be fixed, notice of the reconvened meeting must be given to the shareholders of record as of the new record date. An adjournment will have no effect on the business to be conducted at the meeting.

ELECTION OF DIRECTORS; NOMINEES

The Company's Bylaws provide that the number of directors constituting the Board of Directors shall be not less than two nor more than twelve, as determined from time to time by resolution of the shareholders or of the Board of Directors. The Board of Directors of the Company currently consists of twelve members and is divided into three classes, with the term of office of each class ending in successive years. Mr. Yellowlees is retiring from the Board as of October 22, 2003. Effective immediately upon his retirement, the Board of Directors will pass a resolution reducing the number of directors from twelve to eleven. Each class of directors serves staggered three year terms or until their respective successors are elected and qualified or until their respective earlier resignation, retirement, disqualification, removal from office or death.

One director in Class I, Raymond L. Killian, Jr.; two directors in Class II, Gerald J. Wilkins and Michael W. Trapp, and the four directors in Class III, Alex W. Hart, William I Jacobs, Gillian H. Denham, and Alan M. Silberstein whose terms expire at the Annual Meeting have been nominated for re-election at the Annual Meeting. Proxies cannot be voted for a greater number of persons than the number of nominees named. The Class I Director will be elected to hold office until the 2004 annual meeting of shareholders, the Class II Directors will be elected to hold office until the 2005 annual meeting of shareholders, and the Class III Directors will be elected to hold office until the 2006 annual meeting of shareholders or until their respective successors have been duly elected and qualified or until their respective earlier resignation, retirement, disqualification, removal from office or death. In the event that any of the nominees is unable to serve (which is not anticipated), the persons designated as proxies will cast votes for such other person(s) as they may select.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF ALL OF THE NOMINEES FOR DIRECTOR. IF A CHOICE IS SPECIFIED ON THE PROXY CARD BY THE SHAREHOLDER, THE SHARES WILL BE VOTED AS SPECIFIED. IF NO SPECIFICATION IS MADE, THE SHARES WILL BE VOTED "FOR" THE NOMINEES. THE AFFIRMATIVE VOTE OF THE HOLDERS OF A PLURALITY OF THE SHARES OF COMMON STOCK REPRESENTED AND ENTITLED TO VOTE AT THE ANNUAL MEETING AT WHICH A QUORUM IS PRESENT IS REQUIRED FOR THE ELECTION OF THE NOMINEE(S) FOR EACH CLASS.

Certain Information Concerning the Nominees and Directors

The following table sets forth the names of the nominees and the directors continuing in office, their ages, the month and year in which they first became directors of the Company, their positions with the Company, their principal occupations and employers for at least the past five years, any other directorships held by them in companies that are subject to the reporting requirements of the Securities Exchange Act of 1934 or any company registered as an investment company under the Investment Company Act of 1940, as well as additional information. There is no family relationship between any of the Company's executive officers or directors and there are no arrangements or understandings between any of the Company's executive officers or directors and any other person pursuant to which any of them was elected an officer or director, other than arrangements or understandings with the directors and officers solely in their capacities as such, and other than those relationships or arrangements discussed below. For information concerning membership on committees of the Board of Directors, see "Other Information About the Board and its Committees" below.

Other Information About the Board and its Committees

Meetings and Compensation. During the fiscal year ended May 31, 2003, the Company's Board of Directors held 6 meetings. All directors attended at least 75% or more of the combined total of the Board of Directors meetings and meetings of the committees on which they served during the period for which the respective director served on the Board of Directors or the applicable committee. For fiscal year 2003, the Company had a policy regarding the compensation of directors which provided that each non-employee director received an annual retainer of \$17,500 in cash and \$17,500 in shares of Common Stock. A non-employee director who served as a chairman of a committee received \$20,000 in cash and \$20,000 in shares of Common Stock. A non-employee director who served as the Lead Director was compensated at a rate of \$30,000 per year in cash and \$30,000 in Common Stock. A non-employee director who served as Chairman of the Board was compensated at a rate of \$35,000 per year in cash and \$35,000 in Common Stock. All Common Stock issued pursuant to the director compensation policy was issued pursuant to the Company's Amended and Restated 2000 Long-Term Incentive Plan.

Pursuant to the foregoing policy, Mr. Yellowlees received \$35,000 and 960 shares of Common Stock. General Burba and Mr. Jacobs each received \$20,000 and 549 shares of Common Stock. Mr. Hart received \$17,500 and 480 shares of stock. Mr. Marshall resigned from the Board on August 15, 2002 and was replaced by Ms. Denham. Collectively, they were entitled to receive \$17,500 and 480 shares of Common Stock. Both of them requested that their interests in the cash and stock be remitted to their employer, CIBC. Similarly, Mr. Venn was entitled to receive \$17,500 and 480 shares of Common Stock, but he also requested that the cash and stock be remitted to his employer, CIBC. Both Mr. Betty and Mr. Wilkins joined the Board during the year and were entitled to a pro-rated share of the annual compensation amount. Mr. Betty joined the Board on July 24, 2002 and received \$14,583 and 622 shares of stock. Mr. Wilkins joined the Board on November 26, 2002 and received \$9,014 and 306 shares of stock.

In addition, all non-employee directors (including the chairman) received \$1,500 per Board meeting attended and non-employee directors who served on a committee received \$1,500 per committee meeting and the chairman of such committee received \$2,500 per committee meeting. Non-employee directors were also compensated for their out-of-pocket expenses incurred in connection with attendance at Board and committee meetings. The Company does not compensate a director who is also an employee of the Company for his or her services as a director.

Amended and Restated 2000 Non-Employee Director Stock Option Plan. The Company maintains the Amended and Restated 2000 Non-Employee Director Stock Option Plan (the "2000 Director Plan"), which grants each of the Company's non-employee directors, who have not been appointed or elected to the Board of Directors solely by reason of his or her affiliation with the Company, an option to purchase shares of Common Stock having a fair market value on the date of the grant equal to \$125,000. The purpose of the 2000 Director Plan is to advance the interests of the Company by encouraging ownership of common stock by non-employee directors, thereby giving such directors an increased incentive to devote their efforts to the success of the Company. The options are granted to non-employee directors upon election or appointment to the Board and on the business day following each annual meeting of shareholders. Option grants under the 2000 Director Plan are pro-rated for partial years of service. All options granted under the 2000 Director Plan will become exercisable, in the aggregate, as to 25% of the shares after two years, 45% after three years, 70% after four years and 100% after five years of service from the date of the grant, except that such options will become fully exercisable upon the death, disability or retirement of the grantee, or upon the grantee's failure to be re-nominated or re-elected as a director. Upon a grantee's termination as a director for any reason, the options held by such person under the 2000 Director Plan will remain exercisable for five years or until the earlier expiration of the option. The exercise price for each option granted under the 2000 Director Plan will be the fair market value of the shares of Common Stock subject to the option on the date of the grant. Each option granted under the 2000 Director Plan will, to the extent not previously exercised, terminate and expire on the date which is 10 years after the date of grant of the option unless the 2000 Director Plan provides for earlier termination.

During the fiscal year ended May 31, 2003, each of Mr. Betty, General Burba, Mr. Hart, Mr. Jacobs, and Mr. Yellowlees received a stock option grant for the purchase of 4,379 shares of the Company's Common Stock at an exercise price of \$28.55 per share. In addition, Mr. Betty joined the Board in July 2002 and received a pro-rated share of options which were granted to the other directors on the day after the fiscal year 2002 annual meeting. As a result, on July 24, 2002, he received 889 options at an exercise price of \$23.45. Mr. Wilkins joined the Board in November of 2002 and received a pro-rated share of options. As a result, on October 23, 2002, he received 4,379 options at an exercise price of \$29.42.

Lead Director. In July 2002, the Board of Directors approved the designation of a non-management member of the Board to serve as the Lead Director. The Lead Director's duties generally include serving as chair for all executive sessions of the non-management directors; communicating to the Chief Executive Officer the results of non-management executive Board sessions; determining, in conjunction with the Chairman, the agenda for all Board meetings. Mr. Yellowlees has served in that capacity since October 22, 2002 and will retire on October 22, 2003. Mr. Jacobs has been appointed to become the Lead Director immediately after the Annual Meeting.

REPORT OF THE COMPENSATION COMMITTEE

Decisions on compensation and equity-based plans are made by the Compensation Committee. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are made by the Compensation Committee and then presented to the full Board of Directors. Decisions of the Compensation Committee related to equity-based plans are made solely by that committee in order for awards or grants under the Company's equity-based plans to satisfy Rule 16b-3 pursuant to the Securities Exchange Act of 1934, as amended.

The Company's primary objective in designing and implementing its compensation programs is to maximize shareholder value over time through alignment of employee performance with business goals and strategies that serve shareholders' interests. The overall goal of the Compensation Committee is to develop executive compensation and equity-based programs which are consistent with and linked to the Company's strategic and annual business objectives.

Compensation Philosophy

The Compensation Committee has adopted certain principles which are applied in structuring the compensation opportunity for executive officers. These are:

Long Term and At-Risk Focus. A significant percentage of total compensation for executive officers should be composed of long term, at-risk rewards to focus senior management on the long-term interests of shareholders. Equity-based plans should comprise a major part of the long term, at-risk portion of total compensation to encourage shareholder value-based management decisions, and to link compensation to Company performance and shareholder interests.

Short Term and At-Risk Focus. A significant portion of cash compensation for executives is linked to achievement of annual business plans or performance objectives. This includes cash bonuses that may be approved by the Compensation Committee relating to those objectives. There is real risk in bonuses paid under this plan, recognizing variability in individual, unit and overall Company performance.

Competitiveness. Base pay and total compensation should be competitive with other similar companies based upon size, products and markets. A proxy survey of peer group companies is conducted periodically. The peer group surveyed includes appropriate companies contained in the Standard & Poor's Information Technology Index used in the shareholder return analysis shown later, in addition to other firms in the Company's business sectors.

Stock Option Awards, Restricted Stock Grants, and Bonus Deferral Program

Equity-based compensation comprises a significant portion of the Company's key employee compensation programs. The Company's Amended and Restated 2000 Long-Term Incentive Plan has been utilized for this component of executive officer, long term, equity-oriented compensation. Such plan is administered solely by the Compensation Committee and can involve stock options and restricted stock grants:

Stock Options. Options provide key employees with the opportunity to achieve an equity interest in the Company. Stock options are granted at 100% of fair market value on the date of grant and have 10-year terms. Stock options granted during the 2003 fiscal year vest two years after the date of grant with respect to 20% of the shares granted, an additional 25% after three years, an additional 25% after four years, and the remaining 30% after five years. The objective is to emphasize a long-term focus by key employees in the acquisition and holding of Common Stock. The number of stock options granted to an individual is based upon the individual's potential to contribute to future growth of the Company. The frequency and size of individual grant amounts vary. The number of options required to achieve target grant values is based on the prevailing fair market value of the Common Stock.

Restricted Stock. Restricted stock grants are designed to be granted on a selective basis to key employees to further focus them on the longer term performance of the Company. Generally, grants of restricted shares are subject to forfeiture if a grantee, among other conditions, leaves the Company prior to expiration of the restricted period. Currently, restricted periods are generally four years.

Bonus Deferral Program. A bonus deferral program, approved by the Board of Directors, allows certain executives to defer a portion of their cash bonus in the form of a restricted stock grant. This program is consistent with the Company's objectives to increase executives' share ownership and at risk compensation. Since participating executives are deferring earned cash in the form of shares at risk of forfeiture over three years, the amount deferred is increased by 35%. Mr. McWey participated in the plan for the 2003 fiscal year.

Chief Executive Officer's Compensation

Mr. Garcia's fiscal year 2003 compensation derived primarily from annual performance plans, as well as commitments under his Employment Agreement effective July 12, 2000 (see "*Employment Agreements with Paul R. Garcia, James G. Kelly, Barry W. Lawson, and Jeffery C. McWey*" below).

Mr. Garcia's bonus opportunity is reviewed annually and is based upon achievement of certain quantitative and qualitative performance objectives. Mr. Garcia agreed to have a portion of his bonus at risk under this plan to preserve deductibility by the Company under Code Section 162(m). The performance objectives included in this plan for the 2003 fiscal year included objectives for revenue and operating income growth. The balance of his 2003 fiscal year bonus was determined by other objectives.

The Compensation Committee's general approach in setting Mr. Garcia's annual compensation opportunity is to seek to be competitive with other companies in the Company's industry, and for his compensation plan to be consistent with the Company's business, strategy, and operating results. The Compensation Committee also seeks to have a large percentage of Mr. Garcia's compensation opportunity based upon current year performance as well as actions to provide sustained long term growth in shareholder value. To accomplish this, a mix of cash, restricted stock and stock options are provided to Mr. Garcia which include a significant element of risk that is based upon the Company's performance.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Employment Agreements with Paul R. Garcia, James G. Kelly, Barry W. Lawson and Jeffery C. McWey. Each of Messrs. Garcia, Kelly, Lawson and McWey are parties to employment agreements with the Company, the material terms of which are summarized below.

Each Named Executive Officer is entitled to a minimum annual salary, subject to yearly review, plus an annual at-risk incentive bonus opportunity, which is determined annually based on a range of specific financial objectives reflecting his area and scope of responsibility. Each Named Executive Officer is also entitled to participate in all incentive, savings and welfare benefit plans generally made available to executive officers of the Company. The current annual salaries of these Named Executive Officers are as follows: Mr. Garcia—\$500,000; Mr. Kelly—\$350,000; Mr. Lawson—\$325,000; and Mr. McWey—\$300,000.

Each of Messrs. Garcia, Kelly, Lawson, and McWey has agreed in his employment agreement not to disclose confidential information or compete with the employer, and not to solicit the employer's customers or recruit its employees, for a period of 24 months following the termination of his employment.

Each of the employment agreements may be terminated by the Company at any time for "cause" or "poor performance" (as defined therein) or for no reason, or by the Named Executive Officer with or without "good reason" (as defined therein). Each employment agreement will also be terminated upon the death, disability or retirement of the Named Executive Officer. Depending on the reason for the termination and when it occurs, the Named Executive Officer will be entitled to certain severance benefits, as described below.

If, prior to a change in control, the Named Executive Officer's employment is terminated by the Company without cause (but not for poor performance) or he resigns for good reason, the Company will be required to pay him his accrued salary and benefits through the date of termination plus a portion of his target annual bonus for the current year. For up to 18 months, or until he is employed elsewhere or he violates certain restrictive covenants, the Company will continue to pay the Named Executive Officer his base salary and will provide him with health insurance coverage. In addition, all of the Named Executive Officer's restricted stock awards will vest and those stock options that would have vested in the next 24 months will vest and remain exercisable for 90 days after the end of the salary continuation period, as described above.

If, prior to a change in control, the Named Executive Officer's employment is terminated by the Company for poor performance, the Company will be required to pay him his accrued salary and benefits through the date of termination plus a portion of his target annual bonus for the current year. For up to 12 months, or until he is employed elsewhere or he violates certain restrictive covenants, the Company will continue to pay the Named Executive Officer his base salary and will provide him with health insurance coverage. In addition, all of the Named Executive Officer's restricted stock awards and stock options that would have vested in the next 24 months will vest and the options will remain exercisable for 90 days after the earlier of six months or the end of the salary continuation period, as described above.

If, within 36 months after a change in control, the Named Executive Officer's employment is terminated by the Company without cause or he resigns for good reason, the Company will be required to pay him his accrued salary and benefits through the date of termination plus 100% of his annual bonus opportunity for the current year. For 24 months (unless he violates certain restrictive covenants), the Company will continue to pay the executive his base salary and will provide him with health insurance coverage. In addition, all of the Named Executive Officer's restricted stock awards and stock options will vest and the options will remain exercisable for 90 days after the end of the salary continuation period, as described above.

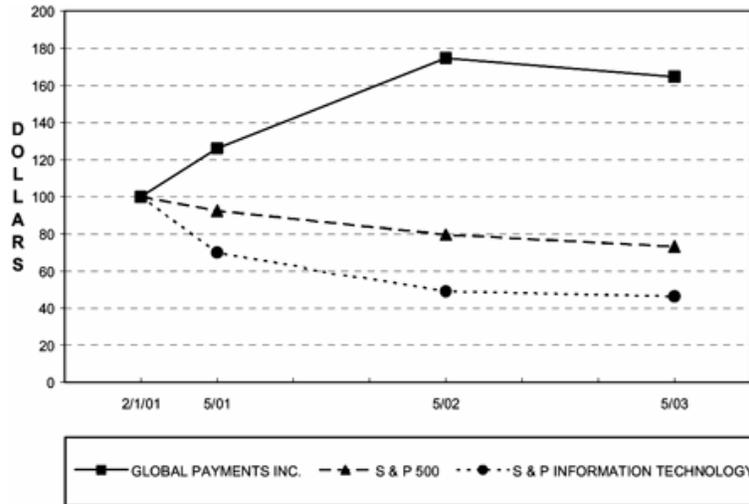

Whether or not a change in control shall have occurred, if the employment of the Named Executive Officer is terminated by reason of his death, disability or retirement, he will be entitled to his accrued salary and benefits through the date of termination and any death, disability or retirement benefits that may apply, but no additional severance amount. If the Company terminates the Named Executive Officer for cause, or if he resigns from the Company without good reason, he will be entitled to his accrued salary and benefits through the date of termination, but no additional severance amount.

For purposes of these employment agreements, a change in control of the Company is generally defined as the acquisition by a third party of 35% or more of the voting power of the Company, or the consummation of certain mergers, asset sales or other major business combinations. A restructuring or separation of any line of business of the Company will not, of itself, constitute a change in control. Each of these employment agreements provides that the Named Executive Officer will be entitled to a tax gross-up payment from the Company to cover any excise tax liability he may incur as a result of payments or benefits contingent on a change in control, but such gross-up payment will be made only if the after-tax benefit to the Named Executive Officer of such tax gross-up is at least \$50,000. If not, the benefits would be reduced to an amount that would not trigger the excise tax.

During the two most recent fiscal years and through the date of Andersen’s dismissal, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen’s satisfaction, would have caused Andersen to make reference to the subject matter in connection with its report on the Company’s consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Regulation S-K.

Prior to the date that Deloitte was engaged to serve as the Company’s independent public accountants, the Company did not consult Deloitte with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company’s consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(1)(iv) and (v) of Regulation S-K.

The Company provided Deloitte with a copy of the foregoing disclosures and Deloitte did not have any comments.

All Other Fees

The Audit Committee has determined that the services rendered and the fees billed last year that were not related directly to the audit of the Company's financial statements were compatible with the maintenance of independence of Deloitte as the Company's independent accountants.

On August 15, 2002, Mr. Marshall retired from CIBC and therefore resigned from the Company's Board of Directors. CIBC designated another employee, Gillian H. Denham, to replace Mr. Marshall and such designation was approved by the full Board of Directors. For additional information regarding Mr. Venn and Ms. Denham, see "Proposal 1. The facility carries an interest rate equal to the rate at which CIBC is able to obtain short-term deposits of Canadian dollars for any day in the New York interbank Eurocurrency market plus 0.40%. This line of credit is secured by a first priority security interest in the Company's accounts receivable from VISA Canada/International, and has been guaranteed by the Company's subsidiaries. The CIBC credit facility had an initial term of 364 days expiring March 19, 2002, and has been subsequently extended until December 9, 2003. There was approximately \$46.3 million (Canadian dollars) outstanding under the CIBC credit facility as of May 31, 2003.

Marketing Alliance Agreement. Under the Marketing Alliance Agreement, CIBC will refer all new merchant processing relationships exclusively to us in exchange for a referral fee. CIBC will also continue to provide the banking services required by the Company as part of the merchant processing business and will provide us with access to Visa clearing capabilities in Canada. The agreement has an initial term of ten years from March 20, 2001. During fiscal year 2003, the Company paid CIBC \$453,204 (Canadian dollars) in connection with such Agreement.

CIBC World Markets. From time to time the Company engages CIBC World Markets, a wholly owned subsidiary of CIBC, to perform investment banking services. The only payment for services

rendered during the year was \$750,000 (Canadian dollars) which was made in connection with the National Bank of Canada acquisition.
